ABOUT US...

Big Brothers Big Sisters is the largest provider of one-to-one youth mentoring services in the United States. We have been bringing caring adults to the lives of our nation's children for nearly 100 years. These quality relationships are built on friendship and trust, and are proven to be a significant positive influence in the life of the child and the volunteer.

Mentoring Relationships that Work!

Children matched with "Bigs" are:

- 46% less likely to begin using illegal drugs
- 27% less likely to begin using alcohol
- 52% less likely to skip school
- 33% less likely to exhibit violent behavior

These are important results when one considers the many risks faced by young people in today's society. That's why finding and matching volunteers to our waiting list of children is so vital. Approximately 35 children are currently on our Shelby & Darke County waiting list to be matched with a "Big."
